**The Children's Museum in Utica is holding its 50th anniversary tomorrow with a festival of trees and lights. It will feature appearances from Santa, and will celebrate holiday traditions from a variety of cultures. It will also feature the unveiling of the museum's Stem Center and Planetarium Project.**

**"It celebrates so many different cultures and religions that make up our wonderful community. It's interesting with Thanksgiving and Hanukah falling on the same day, it's wonderful to celebrate all of the holiday and call it holiday on Main St," says Executive Director Marlene Brown.**

**The celebration will be going on from 9:15 to 2:15 tomorrow. For more information, visit <http://www.museum4kids.net>**
